Reaffirming the crucial importance of the Treaty on the Non-Proliferation of Nuclear Weapons¹ as the cornerstone of the international nuclear non-proliferation regime and an essential foundation for the pursuit of the three pillars of the Treaty, namely, nuclear disarmament, nuclear non-proliferation and the peaceful uses of nuclear energy,

Expressing deep concern at the catastrophic humanitarian consequences of any use of nuclear weapons, and reaffirming the need for all States at all times to comply with applicable international law, including international humanitarian law, while convinced that every effort should be made to avoid the use of nuclear weapons,

* Reissued for technical reasons on 29 October 2015.

¹ United Nations, *Treaty Series*, vol. 729, No. 10485.

Recognizing that the catastrophic humanitarian consequences that would result from the use of nuclear weapons should be fully understood by all, and noting in this regard that efforts should be made to increase such understanding,

Reaffirming that the enhancement of international peace and security and the promotion of nuclear disarmament are mutually reinforcing,

Reaffirming also that further advancement in nuclear disarmament will contribute to consolidating the international regime for nuclear non-proliferation, which is, *inter alia*, essential to international peace and security,

Noting that the ultimate objective of the efforts of States in the disarmament process is general and complete disarmament under strict and effective international control,

Stressing the importance of the decisions and the resolution on the Middle East of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons² and the Final Documents of the 2000³ and 2010⁴ Review Conferences of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

Reaffirming, in this context, its support for the establishment of a Middle East zone free of nuclear weapons and all other weapons of mass destruction and their delivery systems, on the basis of arrangements freely arrived at by the States of the region, and for the resumption of dialogue towards this end involving the States concerned,

Expressing regret over the lack of a consensus outcome at the 2015 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, held from 27 April to 22 May 2015, while stressing the importance of moving forward, paying due regard to the discussions held therein, in the next review cycle of the 2020 Review Conference of the Treaty,

Welcoming the continuing successful implementation of the Treaty between the Russian Federation and the United States of America on Measures for the Further Reduction and Limitation of Strategic Offensive Arms,

Welcoming also the announcements and recent updates on overall stockpiles of nuclear warheads by France, the United Kingdom of Great Britain and Northern Ireland and the United States of America, as well as the update of the Russian Federation on its nuclear arsenal, which further enhance transparency and increase mutual confidence,

Welcoming further the efforts undertaken towards the development of nuclear disarmament verification capabilities that can contribute to the pursuit of a world free of nuclear weapons, including the new and continuing initiatives pursued by Norway, the United Kingdom of Great Britain and Northern Ireland and the United States of America,
